

CONDUCTING MENTAL HEALTH HEARINGS
DEFERRAL CONFERENCES VIA ZOOM

Deferral conferences and mental health hearings are conducted via ZOOM.

Deferral Conferences

Please contact the facility for their ZOOM information and to arrange the time for the deferral conference.

You will log into the facility's ZOOM meeting to conduct the conference.

The facility is responsible for having the patient available for the conference. If the patient and a member of the Community Mental Health Agency (CMHA) or the Clinically Responsible Service Provider (CRSP) is not present then a deferral conference has not been held.

ZOOM Hearings

The process is the same as for all other ZOOM hearings in the Wayne County Probate Court.

Use the ZOOM password for the Judge's Courtroom listed in your appointment materials.

The facility is responsible for logging the patient into ZOOM.

If you wish to hold a private conversation with the patient please inform the Courtroom Staff and they will place you in a separate ZOOM room.
